Light

Published in Art 05 January 2016

Agile, light and delicate. These are the characteristics of the works displayed in Light, the personal exhibition by Alex Pinna at Galleria Prac. Paintings, sketches and sculptures depicting figures that move silently and rapidly in apparently far off lands, in a fragile landscape which it is difficult to pinpoint. An exhibition referencing lightness that takes the viewer into a hidden world in rediscovery of minimalism and the search for balance.

Until 8 January. Mon-Sat from 4.30pm to 7.30pm. Free admission

Galleria Piero Renna Arte Contemporanea. Via Nuova Pizzofalcone, 2, Naples. T: 0817640096
